Problems

- The structure of the form
 - Not all registers are related to surgery
 - What should be added instead?
- Sometimes time consuming to contact reg.
- Some registers change over time
 - Change name
 - Change inclusion
 - Exclude parts

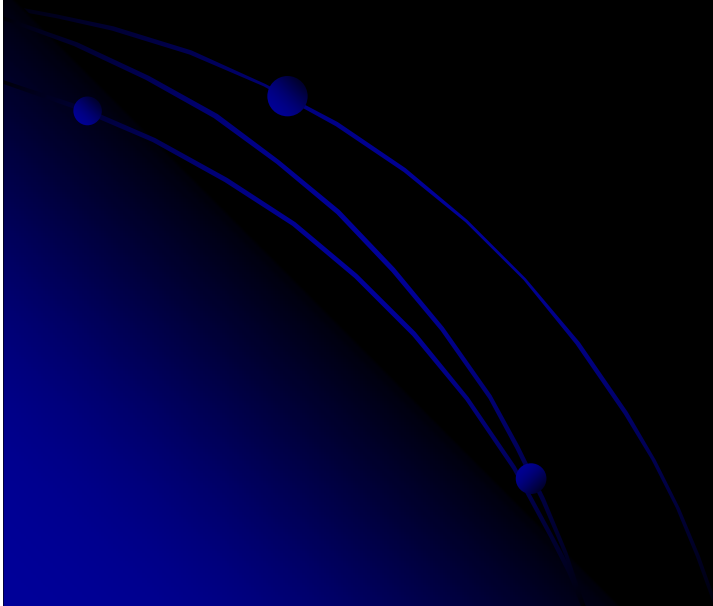

Staff

- Why is this necessary?
- This change overtime
- Some work with several registers
- Should this also be included in budget?

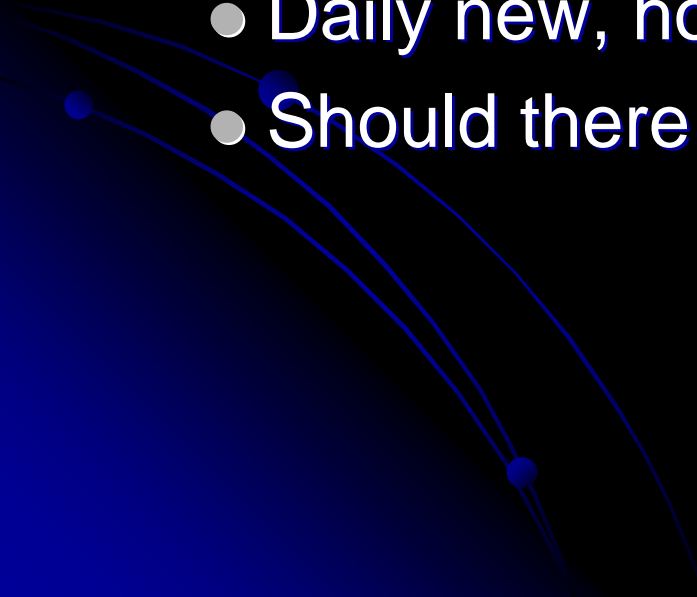

Legal status

- Specific laws followed should be reported?
- Or is this just in the matter of who is responsible?

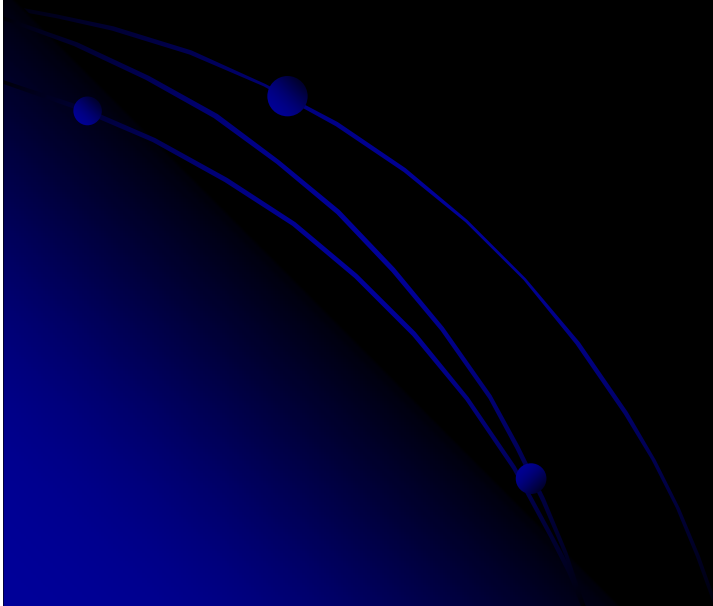

Publications

- Many registers in same publication
 - Should all publications be reported
 - New publications
 - Should there be a limit of numbers?
 - Daily new, how do we deal with this?
 - Should there be a year limit?
- 

Budget

- How should this be specified?
- Personnel costs: Salary, social fees...
- Should this also include economic data?
- What should be filled in for global budget?

Comments

- Is it possible to add comments?
 - Some answers that does not match the question perfect
 - How important is the history?
 - Some registers change name
 - Some change in responsibility
-
